S. Dispensatory, page 1849. Dr. Ure states in his paper, that Malambo or Matias bark is the product of a tree in Colombia, S. A., and that it was placed in his hands by Hugh Houston, Esq., which gentleman received it from Dr. Mackay, who communicated, two papers respecting it to the British Association, and mentions having procured from it by distillation two oils, one lighter than water, of a specific gravity 0-949; the other denser, of a specific gravity 1-028. He further obtained a brown, bitter extractive substance. Dr. Mackny remarked, that it had been successfully used in intermittent fever, in convalescence from continued fever, in hemicrania, dyspepsia, and a variety of chronic ailments, where tonics and stimulants were indicated; and that as...
