Trauma and Orthopaedics at a Glance

By Henry Willmott

John Wiley & Sons Inc. Paperback. Book Condition: new. BRAND NEW, Trauma and Orthopaedics at a Glance, Henry Willmott, Trauma and Orthopaedics at a Glance is an easy-to-read, highly visual guide to orthopaedics. It comprehensively covers relevant basic science and clinically-oriented anatomy of the musculoskeletal system, and the diagnosis and management of trauma, sports injuries, paediatric orthopaedics, degenerative disease, and musculoskeletal tumours. Although primarily aimed at junior doctors and senior medical students, it is also useful for physiotherapists and nurse practitioners. Trauma and Orthopaedics at a Glance: * Provides thorough coverage of diagnosis, investigation and contemporary treatment options of commonly encountered orthopaedic conditions; * Features a section on what to expect as a Foundation doctor in orthopaedics, including how to present cases in trauma meetings, essential information to survive 'on-call' shifts and tips for efficient clerking of trauma admissions; * Unique 'how to' section, comprising guidance on key practical procedures such as aspirating joints, manipulating fractures and applying plaster casts. * Includes a companion website featuring 120 multiple-choice questions and 10 case studies This brand new title presents an overview of all the information relating to diagnosing and treating musculoskeletal conditions, and is ideal while on rotation or revising key...

Reviews

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Brennan Koelpin**

Comprehensive guide! Its this type of very good read through. It is actually writter in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.
