This book is written with you in mind! You never again need to be frustrated or confused when shopping for technology with this crash course in everything you should be looking for when shopping for these kinds of products! Caveat Emptor is Latin for Let the Buyer Beware. It represents the fact that companies who do not deserve to remain in business for selling inferior goods, prey on customers who do not know these goods are inferior. This book aims to solve that problem b making YOU, the buyer, be aware saving you time, trouble, and even money! Through the pages of this book, you will learn about the specifications these devices all have and that are not always presented to you at the time you make your buying decision. A device is only as good as it s hardware and features, yet the average person knows...
