# ATLAS OF RECYCLED LANDSCAPES

Skira - Berenice October 2014, 2014. Turtleback Binding. Book Condition: New. Through a comprehensive examination of a number of international architectural projects, this book offers a compelling new perspective on modern living and contemporary architecture. As populations grow, where and how we live is a major concern. Very often architects address the issue of housing, and converting spaces is normally a more satisfactory solution than building from scratch. This volume examines repurposed sites, reclaimed quarries, former landfills, unused spaces that...
