*This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

Brand New Book ***** Print on Demand *****.Excerpt from The San Francisco Polyclinic: A Free Dispensary for the Sick Poor Gentlemen - Your committee, appointed to make the annual report of the Polyclinic, submits herewith the record of the institution from March, 1891 to June, 1892, this record embracing the history of the affairs and work of the Polyclinic as an eleemosynary organization, with statistical statements of the number of patients treated, and also the report of the changes which have taken place in the organization of the staff. The Polyclinic, founded by us as primarily a charity - a dispensary where the sick poor could have the necessary and proper treatment - and presented to the public as such, has never changed in the least its character in that regard. The original ideas which moved us to organize the institution have, to be sure, undergone some modifications, but that was only because we much underestimated the need that existed for such a charity; and we have thus been obliged to modify our ideas only to remodel our plans and enlarge our facilities to accommodate the increased number of distressed who applied to us. The public, the aid of which was necessary, and which responded with generosity to our request for financial assistance, becomes here, with you, the recipient of our report, for the records of patients treated shows how the money of the public has been expended by us, and to how many we have been able, with this money, to give advice and treatment. The first report of our work, issued in March, 1890, showed 1862 patients, who made 8389 visits. About the Publisher Forgotten Books publishes hundreds of thousands of rare...
