

Cool Season Gardener: Extend the Harvest, Plan Ahead, and Grow Vegetables Year Round

By Bill Thorness

Skipstone Press. Paperback. Book Condition: New. Susie Thorness (illustrator). Paperback. 176 pages. Dimensions: 8.4in. x 7.2in. x 0.2in. How would you like to serve your own carrots for Thanksgiving, or fresh-from-the-garden salad at the winter solstice Or how about collards for Christmas, leeks on New Years, and lovely red beets for Valentines Day, all right from your own garden You can, without much trouble, by practicing winter, or cool-season gardening. Cool Season Gardener is longtime garden writer Bill Thornesss friendly guide to maintaining your garden year-round in mild maritime climates. He shows you how to keep the garden in production in the colder months, practice succession planning for sowing and transplanting, plant cover crops, and much more. Season extension techniques are given full attention, with many techniques described for using floating row cover, raised beds, cloches, cold frames, hot caps--even polytunnels and greenhouses. The book includes step-by-step, illustrated DIY building projects to help you easily build your own cloches, cold frames, and trellises. It also shows and tells you how to make the most of recycled materials in the garden. Useful charts in the book: Vegetable varieties for cool-season gardening, including sowing and growing temperatures, days to maturity and what season...
