Audible Studios on Brilliance, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 170 x 135 mm. Language: English . Brand New. Welcome to the territory. Leave your metal behind, all of it. The bugs will eat it, and they ll go right through you to get it. Don t carry it, don t wear it, and for God s sake, don t come here if you ve got a pacemaker. The bugs showed up about 50 years ago self-replicating, solar-powered, metal-eating machines. No one knows where they came from. They don t like water, though, so they ve stayed in the desert Southwest. The territory. People still live here, but they do it without metal. Log cabins, ceramics, what plastic they can get that will survive the sun and heat. Technology has adapted, and so have the people. Kimble Monroe has chosen to live in the territory. He was born here, and he is extraordinarily well adapted to it. He s one in a million. Maybe one in a billion. In 7th Sigma, Gould builds an extraordinary SF novel of survival and personal triumph against all the odds.
