Nonetheless, several administrative strategies will be scrutinized. Fayol & Babyegeya defined 'administration' as a process of determining how to serve the functions for which the organization is established. It is also noted that in the course of effecting, the administration is responsible with directing and controlling the activities of an educational organization so that those activities can achieve the objectives intended. While it is affirmed that the term administration is not used only in educational organizations, identified that administration is purposefully intended to facilitate the achievements of predetermined organizational goals. Organizational administration, therefore, is a mechanism which is used to organize the activities of an organization to achieve both its long and short term goals. 24 pp. Englisch.
